

Madison County Ratio of Income in 1999 to Poverty Level for Population for Whom Poverty Status is Determined

Total Population for Whom Poverty Status is Determined = 269,395

Source: Census 2000 SF3 Data, U.S. Census Bureau
 Date Created: March 2003
 Created By: City of Huntsville, Planning Division,
 Geographic Information Systems (GIS)

Note: The poverty ratio is calculated by dividing income by the poverty threshold for each member of a family or unrelated individual. A ratio of 1.0 means a person is living right at the poverty line.
