

The Alabama Department of Transportation has the responsibility for reporting all stimulus activities related to roadway improvements in the State of Alabama. This includes the road projects in the City of Huntsville, intersection improvements in the City of Madison, and the bridge replacement projects in Madison County.

Please refer to the Alabama Department of Transportation's Stimulus website at:

<http://www.dot.state.al.us/stimulus2009/>

To retrieve specific reports concerning the status of the projects, refer to the "Transparency Reporting" section of the webpage.
